Chemsico
P.O. Box 142642
St. Louis, MO 61134-00642

Subject: PRIA Label and CSF Amendment – Addition of label claims because of change in bait station design and a revised CSF with a formulation instead of 100% repack (no formulation change occurred)
Product Name: Chemsico Disposable Bait Station
EPA Registration Number: 9688-285
Application Date: 10/1/2014
Decision Number: 496245

Dear Ms. Goldberg:

The amended label and CSF referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, are acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Please note that the record for this product currently contains the following CSF:

- Basic CSF dated 05/04/2015

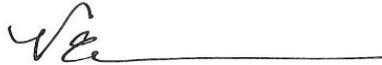

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process.

Page 2 of 2
EPA Reg. No. 9688-285
Decision No. 496245

Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Jacquelyn Marchese by phone at 703-347-0559, or via email at marchese.jacquelyn@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'VE', followed by a horizontal line extending to the right.

Chemsico Disposable Bait Station

THIS BAIT STATION IS RESISTANT TO TAMPERING BY CHILDREN. Use Indoors Only.

Mouse Poison Bait Station
Contains Bitrex

For Use in Homes and Residential Buildings
Indoor Rodent Control
Kills House Mice

Moisture Resistant Bait

House Mice usually consume a toxic dose in a single night's feeding, but it may take two or more days from the time of bait consumption for these rodents to die. House mice cease feeding after consuming a toxic dose. This product is effective against anti-coagulant-resistant house mice.

ACTIVE INGREDIENT:

Bromethalin (CAS No. 63333-35-7)0.01%

OTHER INGREDIENTS99.99%

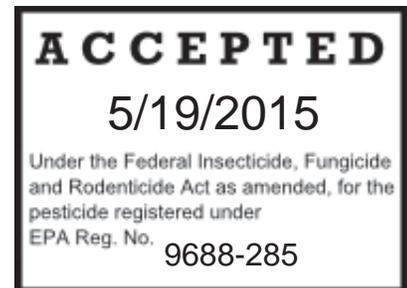

TOTAL 100.00%

KEEP OUT OF THE REACH OF CHILDREN

CAUTION:

**MAY BE HARMFUL IF EATEN
BY CHILDREN OR PETS**

**SEE SIDE/BACK PANEL FOR ADDITIONAL
PRECAUTIONARY STATEMENTS**

NET CONTENTS 0.5 oz. [BLOCK] [Bait] per BAIT STATION
1 to 32 X 0.5 oz. to one (1) pound BLOCKS per 1 to 32 BAIT STATIONS

SIDE/BACK PANEL

STOP: Read all Directions and Precautions before use

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through the skin. Causes moderate eye irritation. Keep away from children, domestic animals and pets. Do not get in eyes, on skin, or on clothing. Any person who retrieves carcasses or unused bait following application of this product must wear waterproof gloves. Wash hands thoroughly immediately after such activities.

FIRST AID

Have product container or label with you when calling a poison control center or doctor for treatment. You may also contact the Hotline Number at 1-800-897-8524 for health concerns, emergency medical treatment information or pesticide incidents.

TREATMENT FOR PET POISONING

If an animal eats this bait, call a veterinarian at once.

NOTE TO PHYSICIAN or VETERINARIAN

Contains the nerve poison bromethalin. This product is not an anticoagulant type rodenticide. For humans or animals ingesting bait and/or showing poisoning signs (such as muscle tremors, loss of hind limb use, or seizures for animals), limit absorption by either emesis or gastric lavage. Sublethal symptoms, if present, would be the result of cerebral edema and should be treated accordingly through administration of an osmotic diuretic and corticosteroid.

ENVIRONMENTAL HAZARDS

This product is extremely toxic to mammals and birds. Dogs and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this bait.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions. Use this product only for sites, pests, and application methods described on this label.

To help prevent accidents:

1. Store product not in use in a location out of reach of children and pets.
2. Dispose of product container and unused, spoiled and unconsumed bait as specified on this label.

USE RESTRICTIONS: This product may only be used to control house mice inside of homes and residential buildings. This bait station may be used in indoor areas accessible to children, consistent with all use restrictions and other requirements indicated in this label. **DO NOT USE THIS PRODUCT OUTDOORS OR IN AREAS ACCESSIBLE TO PETS.** Do not place this ready-to-use bait station in any area where there is a possibility of contaminating food or surfaces that come into contact with food. Do not place near or inside ventilation duct openings. Do not break station open and/or deliberately remove bait from it.

SELECTION OF TREATMENT AREAS: Determine areas where house mice will most likely find and consume the bait. Generally, these are along walls, by gnawed openings, in corners and concealed places, between floors and walls, or in locations where rodents or their signs have been seen. Remove as much alternative food, water and harborage as possible prior to bait application.

APPLICATION DIRECTIONS: The active ingredient in this product is different from anticoagulant rodenticides. Individual house mice cease feeding after consuming a toxic dose.

House Mice: Place a single unit at each placement location. Space placements at 8 to 12 foot intervals. Replace bait if contents are consumed or contaminated and replace units if severely damaged. If units are untouched after three days, move to new locations consistent with label text. Continue baiting until all signs of house mouse activity have ceased.

Follow-up: Wearing waterproof gloves, collect and dispose of all dead, exposed animals and leftover bait properly. To prevent reinfestation, limit sources of food, water, and harborage for house mice as much as possible. If reinfestation does occur, repeat treatment.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store only in original container in a dry place inaccessible to children and pets. Keep containers closed and away from other chemicals.

PESTICIDE DISPOSAL: Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available.

CONTAINER HANDLING: If partly filled: Call your local solid waste agency for disposal instructions. Never place any unused product down any indoor or outdoor drain.

SIDE/BACK PANEL

Notice: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in strict accordance with directions for use.
